REACH SVHC Disclosure

OnLogic is committed to ensuring compliance with REACH, the Registration, Evaluation, Authorization, and Restriction of Chemicals Regulation EC 1907/2006 within our supply chain. With the publication of REACH, suppliers are required to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in articles in concentration above 0.1% weight by weight (w/w) to allow safe use of the product. The European Chemicals Agency released the latest candidate list of SVHCs on June 14, 2023 bringing the total number of substances to 235. The majority of products and packaging as manufactured and/or supplied by OnLogic do not contain substances on the REACH SVHC candidate list above the allowed limit. Any that may be present in OnLogic products are listed below:
