Integrated Power

Eliminating the need for external adapters or power bricks, the MC850 Series accommodates direct-plug power with an integrated 300W PSU.

Performance Focused

Designed specifically for computing-intensive applications, the MC850 Series offers a range of Intel processing options including Skylake and Kaby Lake Core i7 CPUs.

Dedicated Graphics

The MC850 Series supports full height PCIe expansion, including the latest generation of advanced graphics cards, a feature rarely seen in a system with such a small footprint.
